# Freedom to do things your way

## Freedom

FleetCard is accepted at 90% of fuel sites and +Electric is accepted at 95% of charging stations across Australia

## Visibility

Monitor spending, view purchases and have full control

## Simplicity

One monthly consolidated tax invoice for all vehicle spend, freeing you from admin

## Savings

Everyday savings on fuel, servicing, tyres, parts, glass and more

## Sustainability

Achieve your sustainability goals with greener fuel options and carbon offsets

## Partners

Huge partner network includes servicing, tyres, parts, auto glass and more

# Drive your business with FleetCard™

## FleetCard / FleetCard +Electric

Provides access to our non-fuel partners and gives you more control to manage your individual vehicle spends and more.

## FleetCard Classic

Allows you to control purchases to just fuel and oil.

## Tax Compliance Made Easy

Get one ATO compliant tax invoice for your account. Sync with your Xero accounting software with our integration tools.

## Convenient Reporting

Reporting for, Vehicle Exceptions, Vehicle Analysis, Vehicle Reports and Transaction Reports are standard and can be downloaded anytime, anywhere.

## FleetCard Online (FCO)

The freedom to login and manage your vehicles whenever it suits you. Keep everything safe and under control with setup pins to manage security at Shell, Coles, Liberty, EG Ampol and 7/11. FCO makes ordering cards and setting transaction limits a breeze.

## Fuel up almost anywhere

FleetCard is accepted at over 90% of Australian fuel sites, meaning you can fill up at and pay with FleetCard at over 5,900 sites nationally.

## Charge up with +Electric

With over 2,200 charging stations nationwide and growing, FleetCard +Electric ensures worry-free charging. It includes fuel, EV charging and non-fuel purchases from our partners all on one invoice.

## Non-fuel partner card acceptance

From Xero accounting software integration and Telematics services through to tyres, auto glass, servicing and more.

# ecoDRIVE helps reduce your fleet's net carbon footprint

**2,053,018** kms  
of driving emissions offset

**498,817** trees  
planted

**330,536** tonnes  
of carbon offset

**92** hectares  
of native forests grown

ecoDRIVE is a carbon mitigation program for CardSmart card holders. ecoDRIVE invests in native forestry projects, in over 20 locations across New Zealand and Australia, contributing to offsetting some environmental effects of operating your fleet.

Just \$2.25 per Card plus gst per month plants enough trees to mitigate the equivalent of 477 kms of driving emissions.

[www.FleetCard.com.au/ecoDRIVE](http://www.FleetCard.com.au/ecoDRIVE)

\*Offsets are calculated based on 161g/kilometre equivalents based on FCAI average vehicle emission of 131 g Co2 per kilometre.

### Reliable roadside assistance on demand

Roadside assistance is provided exclusively to FleetCard members, 24/7 nationwide. Roadside is based on the individual rego of your vehicles and can therefore be applied to individual vehicles or the whole fleet. Keep your drivers on the road for only \$4.99 per month.

[www.FleetCard.com.au/road-assistance](http://www.FleetCard.com.au/road-assistance)

\*Roadside assistance is offered to all FleetCard customers, whose vehicles are roadworthy, mobile, and well-maintained. The following two groups are not covered by the roadside assistance program:

- Taxis (including ride-share services like Uber), limousines, or for hire or rental.
- Vehicles with a gross vehicle mass over 3.5 tonnes and a length greater than 5.5 meters.
